S. Tylene provides insight on why receiving your girl naked is the best gift ever!

Recently my girlfriend and I took the love language test to see if we could better understand ways to love on one another. Though it wasn't a surprise to me, I have zero on the scale of gift giving and she has a 3; Meaning neither of us are the most fond of giving gifts nor do we care to receive them. On the other hand, we both ranked quality time as a high number one followed with words of affirmation and physical touch in close second. Personally, with the holidays set up right around the corner this couldn't have been a better test to take. It gives you an easier set expectation on what gifts to buy, what gifts to avoid buying, and even better: ways to incorporate quality time and our other love languages.

The holidays can be stressful as is, you spend all this time running around to buy gifts for people, guessing what gift it is they want, wasting money on said gift that you guessed, just for them to put it in their closet and use as a gift for someone else the year after. On top of it you waste hours strategically planning out how to not piss off anyone on all sides of the family just for someone to end up pissed off anyways. By the time all is said and done, you're happy to have the next 10 months to hibernate. I'm not sure about you, but after reading all this through and thinking about it, I'm already looking for the best ways to relieve my tension and stress. I made my girlfriend promise that this year we weren't going to exchange gifts, that we'd instead go somewhere and start a tradition but in the mix of shaking hands on this deal she managed to get real close to my ear and whisper in the most seductive voice, "So you're saying, I shouldn't put a santa hat on and wrap myself up with nothing but a bow?" . . . All of a sudden I'm questioning if my love language is actually receiving gifts.

Never have I thought that during the holidays I could manage to be stress free all while receiving and giving a "gift." (This was her idea of a gift but we all know that stress isn't just on one of us.) As I managed to explore different ways to be alone with her for Christmas she managed to explore different ways to give herself to me as the best damn gift I have ever received. It sounds

THE BEST GIFT A GIRL CAN GIVE YOU FOR CHRISTMAS IS HERSELF NAKED

cliche, a little too good to be true, but I think if every Christmas was a set up of my girlfriend naked on top of me, rubbing lotion down my body while slowly kissing my breast and whispering things like, “Show me if I made it on to your naughty or nice list this year,” gift giving might just be at the top of my to-do list every year and on more than just holidays.

My mind was expanding at the fact that what you may get on an ordinary day can easily be turned into a gift and made special. All of a sudden I realized just how fond I was of my girlfriend’s idea to role play by being Santa’s little helper and how her being naked was a gift I never wanted to take for granted.

Holidays are the most stressful time of the year - they say more sex leads to less stress - So I have no idea why nobody has thought to mention that this year’s best gift can’t be bought. If you want to make yourself happy [and your girlfriend] make the gift of quality time into something you can’t ever get back. Make it special, make it about her, and make it into a time of intimacy. Release your tension for the holidays, relax, enjoy getting naked for each other and ultimately treat her naked body like it’s the best damn gift so that every year the holidays feel like your love language is all about giving gifts.
